The request for the appropriation was made by the Finance Committee at a public meeting. Several officers and members of the Chamber of Commerce addressed the council this evening in behalf of the proposed appropriation. The matter stands now no definite action has been taken for this city's representation.

S.S.S. OUR RECORD

The value of S. S. S. as a blood purifier has been thoroughly proven by its forty years of successful service in the treatment of blood and skin diseases of every character. It is the best known and most generally used blood medicine on the market today, because in the forty years of its existence it has not disappointed those who have used it, and as a result of its universal success in curing disease it has made friends EVERYWHERE. It has been on the market for forty years, and its record in that time is one of which we are justly proud—it is a record of forty years of cures. As a remedy for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all diseases arising from an impure or poisoned condition of the blood, S. S. S. has no equal. It goes into the circulation and thoroughly cleanses it of all impurities and makes a complete and lasting cure of these troubles and disorders. It furnishes to weak, polluted blood, rich, health-giving and health-sustaining qualities, and as this pure, fresh stream circulates through the system, all parts of the body are invigorated and made strong and healthy. S. S. S. is the only blood medicine on the market that can claim absolute freedom from minerals in any form. This great medicine is the product of nature's forests and fields, and is made from the healing, cleansing juices and extracts of roots, herbs and barks. It is, therefore, in addition to being a certain cure for blood troubles, an absolutely safe medicine for young or old. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S., and write our physicians and they will send you a book concerning your trouble, and will give you, without charge, any medical advice.

STATE CANNOT PAY FOR IMMIGRATION

Attorney-General Bonaparte Files Opinion in South Carolina

Case with President.
WASHINGTON, D. C., March 6.—An opinion has been rendered by Attorney-General Bonaparte to the President bearing on the legality of the action of the South Carolina committee in bringing to the United States a shipload of immigrants for work in various branches of industry in that State.

The Attorney-General holds, in effect, that it is unlawful for a State government to pay the passage of intending immigrants, or to assist immigration otherwise than by advertisement.

In the South Carolina case \$20,000 was raised by an association of private persons by which a general fund was constituted for the encouragement of immigration, and out of which the expenses of the immigrants were paid. The immigrants were brought to the United States through the efforts of State Immigration Commissioner Watson. The Secretary of Commerce and Labor, in approving an opinion of the solicitor of the department, held that the plan as carried out did not constitute a violation of the contract labor law.

The decision came up for consideration in a discussion in Congress during the debate of the immigration bill.

There was some dissatisfaction with the ruling of the Department of Commerce and Labor on the subject, and the Department of Justice was asked to render an opinion with the view, it is understood, of determining the soundness of the contentions of the former department, with the result above stated.

LIBEL LAW WILL REMAIN AS NOW

TO REDUCE FREIGHT RATES

Bill Is Passed for This and for Regulating Penalties—State Board of Equalization.

RALEIGH, N. C., March 6.—The freight rate bill and newspaper libel law held the boards in the House and the State Board of Equalization, and the anti-trust bills, were featured in the Senate to-day.

The Senate passed the bill creating the State Board of Equalization, consisting of the Governor and four State officers, and continued the discussion of the anti-trust bills until to-morrow afternoon. Senator Reid had offered the anti-trust bill, which passed the House some nights ago, as a substitute for the anti-trust bills and substitutes pending. This means that the vote will be on the House bill first, and that it will very probably pass with some amendments.

The House passed the freight rate bill reducing freight charges and regulating penalties for loss or delay of shipments. The Douglas bill, to repeal the London libel law, as a substitute for the anti-trust bills and substitutes pending, was taken up and passed. The Douglas bill, which was introduced by Senator Reid, was a bill to take objectionable features out of the London law, and to adopt customs to be used by the North Carolina lodge. Mr. T. C. Daniels, of New Bern, was made chairman, and Mr. W. E. Rosenthal, also of New Bern, was made secretary. The former will leave in a few days for Philadelphia to make hotel arrangements for about 300 from this State to attend the meeting.

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckle's Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckle's. No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion Arbuckle's was the first roasted packaged coffee, and its sales exceed all the others put

together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckle's ARIOSA, or what you pay for it, it's the same old uniform Arbuckle's ARIOSA Coffee.
